At St Lukes Primary School, we continually monitor children’s progress and learning. Teachers will assess your child’s progress by marking written work, observing practical tasks, listening to reading, talks and discussions as well as setting tests to measure their learning. We aim to identify children’s achievements and set targets for future progress.

National Curriculum Test Results (SATs) 2026

At the end of Year 6 all our Year 6 pupils take the National Curriculum Tests (SATs). Below are the results from the National Curriculum Tests taken in May 2026.

The range of scaled scores available for each KS2 test is between 80 and 120

- 80 is the lowest scaled score that can be awarded
- 120 is the highest scaled score

A pupil awarded a scaled score of 100 or more has met the expected standard in each test.

A pupil awarded a scaled score of 99 or less has not met the expected standard in the test.

It is important to note that the tests do not assess the whole of a subject e.g. speaking and listening, practical enquiry skills etc. This explains why nationally the test results are not exactly the same as teacher assessments.

Average scaled score	English – Reading	Mathematics	GPS
School	104	102	104
(SLPS 2025)	104	104	104
National 2026	106	105	105
